**Connors Steak & Seafood™ Grand Opening Set for November 13, 2023**

Alpharetta, GA - Connor Concepts, Inc. is pleased to announce the grand opening of their seventh Connors Steak & Seafood in Alpharetta, GA on November 13, 2023. The newly renovated steakhouse is located on the corner of Windward Parkway and Jordan Court near the intersection with N Main Street.

Connors Steak & Seafood combines a premium menu with an inviting atmosphere and friendly, attentive service. Guests will enjoy the finest steaks and seafood grilled over mesquite wood, one of the defining characteristics of Connors' cuisine. Other premium offerings include fresh oysters, broiled lobster tail and tuna tartare. Classic American dishes like chef-prepared pastas, gourmet salads, and tantalizing desserts round out the menu. A carefully thought out wine list is complemented by an array of craft beer and craft cocktails, as well as a fine selection of bourbons, whiskeys, and other top-shelf spirits.

Connors Steak & Seafood restaurants are consistently ranked at the top of their class by local publications and online review sites. Many locations have been ranked #1 in their respective state by Forbes, OpenTable, and many others.

A special two night fundraiser is being held at the restaurant November 10-11, 2023 to raise money for two Alpharetta charities. Mike Connor, president of Connor Concepts, said this about the newest location:

*"We are thrilled to welcome guests into our newest restaurant. Alpharetta is a unique and special area and it has been exciting to see the town grow over the years. We're thankful for the opportunity to join this great community and we look forward to serving our friends and neighbors for years to come!"*
