Knoxville, TN - Connor Concepts, Inc. is proud to announce the grand opening of their newest Connors Steak & Seafood in Sarasota, FL on September 12, 2017. The cutting edge restaurant, designed by world-renowned architectural firm The Johnson Group at Cooper Carry, features a sleek yet comfortable dining room with an upscale bar area. The newly built Connors will anchor the northwest corner of the renovated Westfield Siesta Key shopping mall.

Connors Steak & Seafood combines a premium menu with an inviting atmosphere and guest-obsessed service. Diners enjoy the finest steaks and seafood grilled over mesquite wood, along with chef-prepared pastas, gourmet salads, and tantalizing desserts. A carefully thought out wine menu is complemented by an array of craft beer and signature craft cocktails, as well as a fine selection of bourbons and whiskeys.

Connor Concepts, Inc., one of the largest private restaurant groups in the Southeast, owns and operates five Connors Steak & Seafood locations in Alabama, Florida, and Tennessee, in addition to twelve Chop House locations spread across the Southeast.

All Connors Steak & Seafood locations are consistently ranked at the top of their class by local publications and online review sites, and some locations have been ranked #1 in their respective states by TripAdvisor.com, Forbes.com, OpenTable.com, and more.
