*** FOR IMMEDIATE RELEASE ***

THE CHOP HOUSE® STEAKHOUSE NOW OPEN IN ATHENS

The Chop House Athens is open daily for lunch and dinner.

The first Chop House opened in 1992 in Knoxville, TN.

There are currently two Chop House locations in Georgia and ten total across the Southeast.

Parent company Connor Concepts, Inc. celebrated its 30th anniversary in March of 2022.

Athens, GA - Connor Concepts, Inc. is pleased to announce a successful opening of their newest Chop House location at 2055 Oconee Connector. The Chop House combines a premium menu with an inviting atmosphere and guest-obsessed service. Diners enjoy the finest steaks, chops, and seafood, along with chef-prepared pastas, gourmet salads, and tantalizing desserts. A carefully thought out wine menu is complemented by an array of craft beer and signature craft cocktails, as well as a large selection of bourbons and whiskeys.

A special two-night fundraiser was held in September that raised money for two Athens-based charities. Mike Connor, president of Connor Concepts, said this about their newest location opening in Athens:

“We had been eyeing Athens as a location for many years, and finally the right real estate situation presented itself. Our team is excited to be in this area and is 100% committed to supporting a strong local economy, being a leader in the restaurant industry, and most importantly, being good stewards in our community.”

Connor Concepts, Inc., one of the largest private restaurant groups in the Southeast, owns and operates ten Chop House locations, as well as six Connors Steak & Seafood locations.
